The Living Ark of the Covenant

1 Samuel 6:10-21

Even today you give worship. Worship is the most important and meaningful time. The bible gives many examples and explains that during the time of worship great works arise. God has given the answer to come out curses. When you give worship praying and holding onto that covenant, God promised that He will answer and works will arise. God knows the cause, process, and result, but He also has the answer. The bible records this. You must first restore your life with this answer. With continuous answers, your life will be abundant and you will live a life that has conquest. God desires to bless you and also desires you to relay this answer to the world. God does all things according to His word. You must follow after the Word in the time that seems like the wilderness. If not, the time that seems like the wilderness is a place where you will spiritually perish. No matter how dangerous it may be, when you follow after the Word, there is an absolute way. Those who follow the Word will have victory no matter what.

1. The living ark of the covenant

- 1) The ark of the Lord was living even when it was stolen. The covenant does not change simply because the environment changes. The ark of the covenant that seemed so powerless was taken by the opponent nation and showed historical works and authority as recorded in Chapter 5.
- 2) The Philistines took the ark of the covenant into the house of Dagon, but the next day, Dagon had a fallen face and both his hands were lying cut off on the threshold. Only the trunk of Dagon was left next to the ark. (1 Samuel 5:3-4)
- 3) It is not only to this extent, but wherever the ark went, there would be disasters that arose in which there was nothing they could do. In the end, they always had no choice but to return the ark of the covenant back to the Israelites.
- 4) This is the storyline known by many, but it is a very important message. This means that the ark of the covenant is living. The problem was that it is “your” covenant. It happened because they ignored the covenant, but the ark of the covenant is always living.
- 5) All of the things of Satan received curses where the ark of the covenant was as it was shown in the case of Dagon. Dagon had a fallen head and his two hands were lying cut off on the threshold next to the ark. It is the same message that is relayed when they simply followed after the ark of the covenant across the Jordan River and followed the ark of the covenant when silently walking around the Walls of Jericho.
- 6) Therefore, when the covenant is restored, all things will work and be helped by His power so that things that you never imagined could occur. You must restore your covenant. Then all the systems around you will miraculously revive and change.
- 7) God told the Philistines as well. You must not be deceived. The sin that God’s people committed against God is between God and His people, for it is not something the Philistines interfere. He states that regardless of whether they die or not, it is between Him and His People.
- 8) The reason the Philistines were able to take away the ark of the covenant was because God planned for it to be taken. They did not take it by choice. Through this, God showed them disasters as he cut off the limbs of their god and showed His people that the ark of the covenant would return to them. It was not the Philistine’s that took the ark, but it was God who made it happen.
- 9) God is always on His people’s side. The Israelites lost something, but they must have learned a lot from seeing what the ark of the covenant did to the Philistines.
- 10) The last message is that God will do all things so all you need to do is simply hold onto the covenant. The ark of the covenant completely finished all battles. The Israelites did not do anything. In this situation, what type of soldier from the Philistines would want to battle against the Israelites again? God will do all things, so simply hold onto the covenant. Live by the covenant alone. This is the message God has given you today.

2. The Word

- 1) After you have received the covenant, you must follow the word of God. The word of God is the specific method to fulfill the covenant and the way to enjoy the answer. For conquest, victory and to stand as a witness is by following the Word.
- 2) In the time of the wilderness, there was one thing for the Israelites to do and it was Only. It was for them to only follow the Word. During the Passover, the covenant was restored and they were on the path to Canaan. However, they were oblivious to where and how they should go to which they had to receive guidance from God.
- 3) Just as it was the same for the Israelites, it is the same for you as well in the time that seems like the wilderness. For those who live by and for the covenant will receive God's guidance through the Word. God will grant it to you when you live a life centered on the Word and change your attitude and heart as you pray to receive the Word.
- 4) Therefore, you must have an accurate fundamental. Your life direction should be centered on God's desire as you hold and testify the covenant. Also, within this amazing work, you must go with the church.
- 5) Right now, God has given the historical blessings of 237, Healing, and Summit. With that big picture of that, the church holds to the covenant to save America, Latin America, remnants, and all nations.
- 6) For the sake of that, God has given the covenant of opening the age of the three-day weekend. The church is praying for that along with changing the culture with the influence of the Gospel movement. It is a time of prayer. For the sake of the important work, the important disciples and next generation must be trained, so it is a time to gather in prayer for evangelism disciple intensive training.
- 7) May these covenants come in your heart as your own as you enjoy the historical answer. May you never forget that the ark of the covenant is not the problem, but the problem lies in whether you hold to the covenant or not.
- 8) The covenant you possess will break such idols like Dagon, the god's head and it will be placed under the feet of God. If they raised 100 or 1000 Dagon, God would completely bind it all at once. May you restore the covenant once again and the grace be upon you to enjoy the blessing of the 393.
