

# All is Vanity

Ecclesiastes 1:1-11

When you worship, God's kingdom is established and Satan's kingdom is destroyed in every field. When Hezekiah prayed in the temple, God destroyed the entire Assyrian army. When the Early church members gathered in prayer, God opened Peter's door in prison and brought him out. The same promise is given to you today. May it be the worship of the covenant of faith and prayer that is answered. May it also be the time to receive a Word of promise that you will enjoy this answer for the rest of your life and be blessed to conquer and revive the fields and make multitudes of evangelism disciples.

## 1. All in vanity

- 1) You know the Bible passage so well. Everything in life is in vain. Your labor does not profit you, no matter how hard you try; there is no satisfaction; that there is nothing new under the sun; that no matter how hard you try to change and develop, nothing fundamental can change.
- 2) So it's all in vain. Of course, it does not mean you should end everything. It means to come back to God and the covenant. Negativity doesn't help anyone. Ecclesiastes 1:1 Solomon introduces himself as an evangelist, which means he's a man of conviction. So he knows that the only thing that helps people is the message of hope that comes from the covenant.
- 3) Man must be freed from the curse, and with that, they must first change their destiny. From then on, they must live in the enjoyment of that covenant that changed their destiny. In due time, life will be restored. The important thing is to know the covenant. As the Bible says, it is, and to put it into action, so that anyone can enjoy and see what is promised in it.
- 4) God proclaims that if you have the covenant, it will resolve your problem. Salvation is the solution to the problem of going to hell. Hell is where anyone automatically goes without having to do anything. That's Original sin, that's Satan.
- 5) It is also this covenant that all the physical problems that come from Original sin can be solved. And it is also this covenant that God promises that if you hold to it, God will solve your problems. You will come out of the curse, you will enjoy liberation, and you will see the head of Satan crushed continuously. This is His covenant. Be strong once again and take hold by covenant.
- 6) And take a good look at the Bible. Is it not the book that God has given you, in which God will do all things? Do not doubt it, but hold it as a covenant. There is no need for negative thoughts. He is omnipotent. He can do all things. Any problem you have, He will solve it. Reaffirm, understand, enjoy, hold, confess, and confess the blood of the promise.
- 7) Then your life will be a masterpiece. You will receive a 100-year and a 1,000-year answer, as it says in the Bible. Naturally, you will conquer everything in life and become a witness to save the world and the age. Therefore, do not forget that everything in the world is in vain. Your covenant will start when you have this perspective. Everything in the world is in vain. Vanity of all vanities. All is vanity. Therefore, may you be only, uniqueness and re-creation of the covenant.

## 2. Evangelist

- 1) In Ecclesiastes 1:1, Solomon refers to himself as an evangelist. Someone who brings this amazing covenant to the people. Then there's a life-giving work that happens. There have been, are, and will continue to be people among us who have been in this gospel for so long, and nothing happens, and then one day one event or one thought triggers it, and finally there is an answer and a change as promised.
- 2) When you see evidence like this, you realize that you should just preach the gospel and not say anything negative for a second. Negativity doesn't help anyone, you just have to preach the gospel and end it with that.
- 3) It's something that people with deep scars, people with pride, people who are a little bit better than others, especially those in ministry, then evangelists, have to be very careful. No one is perfect, and so you have to constantly examine yourself. One should renew, repent, and reorganize oneself. If there is someone who has said something like that to you, forgive them in your heart and pray for them, and God will be very pleased.

- 4) And this is the most basic attitude an evangelist should have. When a person understands, forgives, waits for, and prays for another, the opponent will open their heart. Then the evangelist will arise, the door will open, and the disciple will be attached.
- 5) God will open doors for you even more because you have the gospel of the age. Those who know the covenant mean they have the authority of God. You are the one who will conquer, be victorious, and receive the answers worth 100 and 1000 years as you enjoy the life of a masterpiece.
- 6) There's no reason to be caught up in this or that, or in thoughts that don't help you. You shouldn't be the kind of believers who just go through the motions and give worship. May your spiritual eyes open to the mission of the age, hold to the answer as you live your life, and raise the remnants and young adults as evangelism disciples.
- 7) You're not just going to go to heaven by living your life proactively and dynamically and just living by grace, you're going to go to heaven by saving a lot of people and having received great economy and living a life of masterpieces of answers worth 100 and 1000 years.
- 8) It is the conclusion of all of human history that the counsel of God is to solve problems by the covenant, and that outside of covenants, there is no real answer. May you be blessed to have your eyes opened and come to conclusions and decisions.
